

Moti Fins

Moti Fins, graduate [Istanbul Teknik Universitesi](#) ([Istanbul Technical University](#)) Physics engineering. Due to personal interest, he mainly received classes related computer engineering and/or programming. After graduation, Moti started to work for [Siemens Business Services](#) in Global Toshiba Call Center Project supporting France, Belgium and Canada in French on hardware and software technical problem solving for laptop computers and for personal digital assistants (PDA). He later led the project team where he actively worked for 3.5 years. In the mean time, Fins realized short term hands-on work on Voice over IP (VoIP) technical structure in telecommunication sector.

Moti Fins owning [Microsoft A+](#) and TCE (Toshiba Certified Engineer) certificates, is intensely interested on Windows applications, operating systems and networking systems.

On his personal time, dealing with computers, scuba diving and photographing are his main interests.
